HUNTING PARK AVENUE at 18th STREET, PHILADELPHIA 32, PA., and COURT HOUSE SQUARE, CLINTON, IOWA

Cable Address—"Burpee" Philadelphia

Dear Friends:

For a number of years we have all been conducting our operations under enormous difficulties. Lack of labor, materials, etc., have taxed our resourcefulness to the utmost. With the ending of the war, our future looks very bright, but we still have a job to do. We must increase our own food supply and also feed the starving millions in Europe. We will endeavor to help you, the producers of food, by continuing to supply only the very highest quality seed at prices which are generally lower than last year.

For a number of years we have been working on the development of Hybrid Vegetables and this year we can supply seed in sealed packets so that you can test our Fordhook Hybrid Tomato, Burpee Hybrid Tomato and Burpee Hybrid Cucumber. By next year we hope to be able to offer these Hybrid Vegetables in quantities. Florists will be interested in the new flowers we are introducing this year, one of which is the Colossal Shades of Rose Alldouble Petunia, the largest Alldouble Petunia ever offered.

We shall continue to work on the development of new Hybrid Vegetables, new flowers and the perfection of existing strains. We want you to know that we shall always endeavor to furnish you with the very Best Seeds That Grow.

Please send your order as early as possible to Philadelphia, Pa., or Clinton, Iowa, whichever is nearer you.

We wish for you that this coming year be a very happy and profitable one.

Faithfully yours,

David Burpee

President

1132 Burpee Hybrid Tomato

New for 1946

70 days. Early midseason hybrid particularly outstanding for the quality and rich flavor of its fruits. It is a great producer, yielding 20% more tomatoes than Marglobe or Rutgers.

Fruits are medium to large, firm, thick-walled, average 8 ozs. in weight, deep globular in shape, scarlet-red in color; flesh is meaty and so rich in flavor that other popular varieties seem flat in comparison. A valuable main-crop tomato for the home garden, market grower and long-distance shipping.

Burpee Hybrid Tomato

1121 Fordhook Hybrid Tomato

60 days. Early, highly prolific hybrid noted for its uniformly shaped, smooth fruits which are of medium size, average 6 ozs. in weight, oblate to globular in shape, even red in color and mildly acid-sweet in flavor.

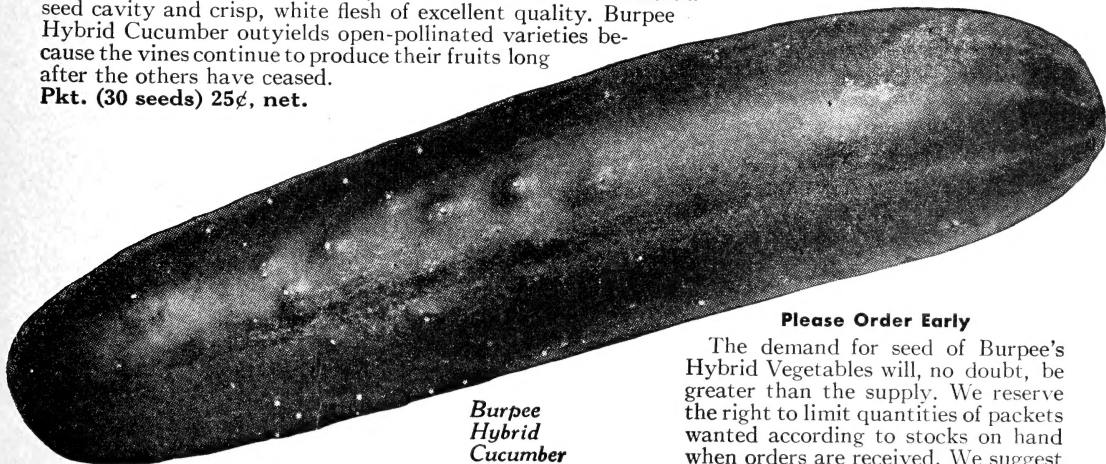

Plants begin to bear early and continue to produce profusely throughout the entire season. This is a decided improvement over the standard varieties that begin to bear early but in a short time reach their peak of productivity. Especially recommended for early market and home garden.

Pkt. (30 seeds) 25¢, net.

370 Burpee Hybrid Cucumber

60 days. High resistance to bacterial wilt, mosaic and downy mildew are the outstanding attributes of this new hybrid white spine, slicing type cucumber. Vines are extremely vigorous, long-lived and bear an abundance of well-formed green fruits of handsome appearance, 8 in. long, $2\frac{1}{2}$ in. wide, square at both ends with medium seed cavity and crisp, white flesh of excellent quality. Burpee Hybrid Cucumber outyields open-pollinated varieties because the vines continue to produce their fruits long after the others have ceased.

Stems may be obtained up to 10 in. in length which makes them highly adaptable for low vase use.

Burpee's Early Flowering SWEET PEAS

Varieties are arranged in each color class from deep to light shades

Burpee's Early Flowering Sweet Peas come into bloom outdoors before the summer heat arrives—3 to 4 weeks earlier than the Giant Spencer varieties offered on pages 56 to 60. They are valuable for winter flowering under glass, also especially adapted for growing in frost-free sections and for earliest blooms outdoors in the North. Sweet Peas do best in cool weather. If seed was not sown in the fall, sow as early in the spring as the ground can be prepared. They prefer an open, sunny location, and deep, rich soil which must be well drained.

White

3390 Burpee's White Magnificent large, frilled, pure glistening white flowers which are particularly sweet-scented. A splendid white-seeded white.

3395 White Giant* Flowers are extremely large, of the purest white, and perfectly placed in fours on long, strong stems. An extra choice white-seeded white.

Cream

3334 Oriental Deep cream or primrose flowers of large size and unusual beauty. Black-seeded.

Fawn Pink

3162 Golden Pink* Outstanding color—glowing golden or fawn pink; beautiful, especially under artificial light. Large, well-waved flowers.

3309 World's Fair Light golden cream faintly overlaid with a delicate suffusion of fawn, deeper toward the edges.

Salmon Pink

3161 Joseph* Truly magnificent color—soft and pleasing bright salmon-pink on cream. Flowers are very large; stems are long and strong. The best of its color.

3365 Mrs. Douglas MacArthur Sparkling, rich and deep salmon-pink self on a creamy white ground.
Oz. 85¢; 4 ozs. \$3.25; lb. \$11.00.

3356 Bridesmaid Extra large, light salmon-pink flowers on white ground. A favorite with many.

Rose

3384 American Beauty Of the same crimson-rose color as its namesake, the American Beauty Rose.

3306 Pearl Buck* Rich warm rose standard with an orange tinge; wings are deep rose. Beautiful.

Rose Pink

3352 Annie Laurie Large flowers of splendid form and pure rose-pink—the deepest shade in this color group.
Oz. 35¢; 4 ozs. \$1.00; lb. \$3.50.

3339 Ball's Rose Rich deep rose with a fine suffusion of salmon-pink. Large, long-stemmed, well-waved flowers.
Oz. 35¢; 4 ozs. \$1.00; lb. \$3.50.

3355 Josie Flowers are very large, long stemmed, and of a rich, deep rose-pink. Uniform throughout.

3393 Shirley Temple* Charming shade of soft rose-pink. Flowers are large and daintily frilled.

3349 Burpee's Giant Pink* Lovely shade of pink blending with a pure soft rose into a marvelous clear rose-pink; most intense toward the edges. Large.

½ pound or more of any named Sweet Pea listed may be ordered at the lb. rate.

We have marked with a star (*) the varieties that we prefer in each color class; if you are in doubt as to which to choose, make your selection from those thus marked.

Crimson

3372 Red Man* Deep crimson with ruby-red shadings in the highlights; suffused bronze near edges.

3396 Red Chief Crimson with a rosy cast.

Scarlet

3361 Kate Smith* Unusually long-stemmed, large, well-formed, bright scarlet flowers with a slight suffusion of undertone of rose. The best of its color.

Spring Flowering Sweet Peas

Come into bloom outdoors between the Early and Giant Spencer classes. Plants are quite vigorous and what the flowers lack in size is made up by the heavy crop of blooms produced. Vines seem more heat resistant than other Sweet Peas. Under glass they are unusually free flowering and prolong the spring cutting season.

We offer three colors, each of which received an award in the All-America Selections:

3470 Blue Clear marine blue; free bloomer.

3479 Lavender Lovely soft shade of lavender.

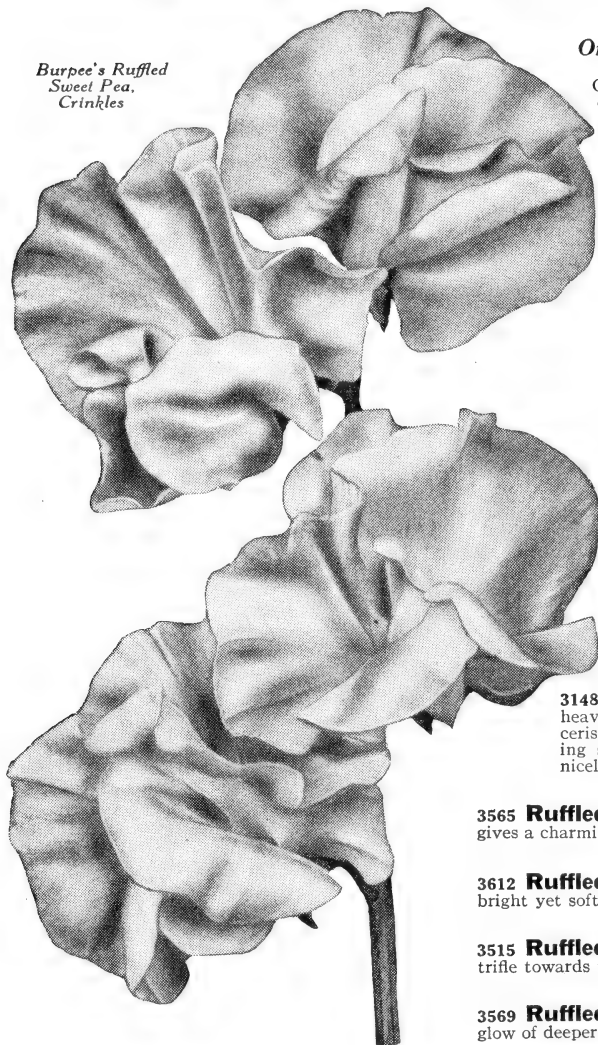

3447 Rose Pink Beautiful rose-pink on white.
